Auto Locking Glider

A Superior Glider Chair

Smooth gliding action produces a *calming effect* in individuals who are *agitated or disoriented*-
Reduces the need for wandering

Broda's Comfort Tension Seating™ *reduces pressure allowing for long term comfort*

Auto Locking feature allows for *ease and safety* when getting in and out of chair

Encourages mild exercise of the lower limbs

Caregiver lock *prevents unwanted gliding*

Reduce restraints, Reduce pressure, Reduce staff injuries, Increase comfort
